

## Full Stack Developer

**Do you want to advance racial and economic justice while tackling climate change?** Join an innovative young nonprofit organization, All In Energy, working to expand access to climate solutions and green jobs across the Commonwealth. Our mission is to accelerate an inclusive clean energy economy. We work hand-in-hand with cities and local community organizations to connect communities of color, non-English speakers and renters/landlords to energy-saving programs and affordable renewable energy. These programs help families save money, make their homes become healthier, and combat climate change. We are also increasing green career opportunities for people of color, multilingual individuals and women.

We are seeking a highly skilled and motivated frontend developer to join our team. In this role, you will be responsible for maintaining the codebase that relates to our web intake form. You will also be responsible for building testing suites for the form to ensure its functionality and reliability. Additionally, you will be responsible for automating our development environment and working with other departments to improve the web intake form.

To be successful in this role, you should have a moderate understanding of React JS and/or Wordpress. Python will also help with this position. If you are passionate about both frontend and backend development and have strong problem-solving skills, we encourage you to apply for this exciting opportunity.

### Key Responsibilities:

- Maintaining Frontend and Backend codebase
- Automating development environment (CI/CD)
- Working with other departments to build/improve wordpress instance

### Preferable Requirements:

- Moderate understanding of React JS and/or Wordpress
- Familiar with scripting languages (Python)

### Hours and Compensation:

- \$18/hour
- Part-time (up to 20 hours per week)
- Flexible schedule

**To Apply:** Send your resume and a paragraph about why you are interested to [jimmy@allinenergy.org](mailto:jimmy@allinenergy.org) with the position title in the subject line.

*All In Energy is an equal opportunity employer who values diversity. In particular, we're dedicated to broadening opportunities for individuals from demographic groups that are historically underrepresented in the clean energy economy. We're committed to building an inclusive workplace culture where talented people of widely diverse backgrounds can thrive. We are actively seeking people who bring diverse backgrounds and perspectives to join us in this work.*
